CAREER OBJECTIVE

Enthusiastic Artificial Intelligence & Data Science student at CMRIT Bangalore, passionate about leveraging technical and creative skills to develop impactful solutions. Looking for an opportunity to prove myself and also will to help in achieving the company's strategic goals. Seeking opportunities to enhance my expertise in software development in programming languages and tools.

EDUCATION QUALIFICATION

- **Bachelors of Engineering- Artificial Intelligence and Data Science**

CMR Institute of Technology, Bengaluru
8.02,2027(pursuing)

- **Pre-University Course- Science**

Geetanjali Olympiad School, Bengaluru
71.2%, 2023

- **10th Grade**

New Horizon Gurukul, Bengaluru
76.66%, 2021

TECHNICAL SKILLS

Programming language/frameworks: Basic Java, SQL, Python, C

Operating systems: Windows, Ubuntu, Linux

Database: MySQL

Frameworks: Node.js

Libraries: Pandas, NumPy, Matplotlib

Web technologies: HTML, CSS, Java Script

Tools & Concepts: Generative AI (Basics)

PROJECTS

- **Vigil Netra - Embedded Vehicle Accident Data Recording & Safety System**

- Developed an embedded system for vehicle accident analysis with real-time data logging.
- Integrating hardware components such as a GPS module, accelerometer (motion sensor), and GSM module for real-time vehicle data tracking. Implemented sensor interfacing.
- Integrated drowsiness detection alerts and an emergency assistance button to enhance road safety.
- Tech Stack: **Machine Learning (Binary and Multi-class classification models) implemented using Python (TensorFlow / Scikit-learn based framework) for real-time crash severity prediction and impact analysis.**

- **Smart Hospital Appointment System**

- Built an AI-powered hospital appointment system that analyzes patient symptoms and assigns doctors based on severity and risk level.
- Integrated Ollama (local LLM) to evaluate symptoms and classify severity as Low, Medium, High or Critical for priority-based appointment scheduling.

- Visualized real time appointment data including severity breakdown and doctor workload using Tableau dashboard fed from a live CSV pipeline.
 - Tech Stack: **Python, Flask, Ollama, HTML, CSS, CSV, Tableau**
 - **Secure QR Code Payment Generator - Full Stack Payment Application**
 - Developed a full-stack web application used to generate dynamic QR codes for digital payments.
 - Implemented backend processing using Flask framework and the Python qrcode library
 - Integrated QR code generation libraries to ensure accurate and secure transaction data embedding.
 - Tech Stack: **RESTful routing, and dynamic data handling and programming languages used are CSS, HTML and Python.**
-

INTERNSHIPS

- **Company Name:** CSIR – Fourth Paradigm Institute (CSIR-4PI)
Duration: 3 months
Role: Data Processing & Research
Responsibilities:
 - Developed optimized data pipelines for large-scale structured datasets.
 - Conducted preprocessing and exploratory analysis to improve research data usability.
 - Supported workflow automation and debugging for enhanced data efficiency.
 - Documented technical processes and collaborated on research-based problem solving.
-

CO-CURRICULAR ACTIVITIES & EXTRA-CURRICULAR ACTIVITIES

- **Online courses and certifications:**
 - Certified on topic “Python for Beginners” from Udemy
 - Certified on topic “C for Beginners” from Udemy
 - Certified on topic “Data Science with Python” from NPTEL
 - Certified on Topic “Introduction to Generative AI” from Google.
 - Certified on Topic “Agile and Scrum Training” from Infosys Springboard.
 - Certified on Topic “Web Development” from Infosys Springboard.
 - **Seminars/Conference/Workshops:**
 - Participated in Idea thinking workshop of AI and DS department
 - Participated in Internal Smart India Hackathon 2025
 - **Non-Technical Club Activities:**
 - Google Student Ambassador (Gemini AI Movement) for promoting Gemini AI tools and conducting google hackathon.
 - Support Team member Rotaract Club, CMRIT
-

ACHIEVEMENTS

- Secured 3rd Prize in the Mini Project Exhibition for Vigil Netra – Automotive Black Box for Vehicles during the 4th Semester.
-

PERSONAL DETAILS

DOB	: 25-12-2004
Gender	: Female
Nationality	: Indian
Languages Known	: English, Kannada, Telugu, Hindi
Hobbies	: Listening to music, Reading books, Badminton, Painting
